

FOR IMMEDIATE RELEASE

11-11-2019

Dear Tasmanian Karters

At the November 10 2019 Karting Tas meeting the State Karting Council voted unanimously that a Tasmanian State Wide Series would not be held in 2020.

The State Karting Council consisting of delegates from each Karting Tasmania affiliated club and elected officers have not made this decision lightly. The decline in entry numbers across the series and the associated costs to run the events at state series level has led to the series not being financially viable to run. The State Karting Council explored other formats suitable for race meetings of the calibre of the Tasmanian State Wide Series but ultimately the decision was made that the clubs did not feel it was in the best interest of karting in Tasmania to host a Tasmanian State Wide Series for the upcoming 2020 season.

This decision has lead to a fresh new look for the Karting Tasmania 2020 Race Calendar with some new and exciting events being introduced we can look forward to a great deal of fun exciting racing across our state for all in the new year.

Regards

Darrell Jeffrey
Vice President
Karting Tasmania
